VAIBHAV GARG

Fresher Front-End Developer (React.js)

+91 8218390981 | vaibhavgarg5522@gmail.com | LinkedIn | GitHub | Portfolio

OBJECTIVE

Self-taught Front-End Developer with strong command over React.js, JavaScript, and modern UI frameworks. Eager to contribute to dynamic, user-centric web applications while growing within a collaborative development team.

ACADEMIC QUALIFICATION

Senior Secondary (12th Grade) – National Institute of Open Schooling (NIOS).   2025

TECHNICAL SKILLS

Languages & Front-End: JavaScript (ES6+), HTML5, CSS3
Frameworks/Libraries: React.js, Redux
Styling: Tailwind CSS, Material UI, Responsive Design
State Management: React Hooks, Context API
Tools & Tech: Git, GitHub, REST APIs

PROJECTS

Food-Delivery-Website GitHub: [Link] | Live: [Link]

Developed a fully responsive food ordering platform with secure user authentication, category-based filtering, and cart management system for seamless checkout.

E-Commerce-Website GitHub: [Link] | Live: [Link]

Built a modern clothing e-commerce site featuring product search, filters, and a working shopping cart.

Medicare-Hub-Website GitHub: [Link] | Live: [Link]

Created a doctor appointment booking system with filtering by location and specialization for better user experience.

Spotify-Clone GitHub: [Link] | Live: [Link]

Designed a sleek UI for music discovery, allowing users to search, browse by categories, and view song listings.

React Mini Projects Suite GitHub: [Link] | Live: [Link]

Developed a web application combining multiple features to demonstrate core React.js skills. Included:
- **To-Do List** App – Add, edit, and delete tasks with local state handling.
- **Contact Manager** – Create and manage a list of contacts using dynamic forms.
- **Weather App** – Display real-time weather data using a public API.
- **Calculator** – Built a basic calculator to perform arithmetic operations.
- **Countdown Timer** – Custom timer with start, pause, and reset functionality.
- **Tic Tac Toe Game** – Two-player game with win/draw logic implemented

PERSONAL STRENGTHS

- Passionate about UI/UX and front-end development
- Strong problem-solving skills and logical thinking
- Adaptability & Quick Learning
- Good communication and teamwork

LANGUAGES

Language: Fluent in Hindi and English
